

# CC3154 – Water Reducible Alkyd Primer

This water-reducible alkyd primer provides fast dry time, good humidity resistance, excellent salt spray and corrosion resistance. This water-reducible alkyd primer provides fast dry time, good humidity resistance, excellent salt spray and corrosion resistance. Typical use as maintenance primer for equipment, machinery, and metal structures, with excellent adhesion to steel.

## Particularly suited for:

- OEM
- Metal Fab Shops
- Industrial Maintenance
- Waste Management
- Structural Steel
- Waste Containers
- And more

## Features & Benefits:

- Fast dry time
- Low VOC
- Excellent salt spray & corrosion resistance
- Good humidity resistance
- Excellent adhesion to steel
- Ideal maintenance primer for metals
